## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. Claims 49 and 50 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Newly filed claims 49 and 50 are drawn to a computer readable medium. However, there is no disclosure in the originally filed specification or claims, describing a software implementation of the present invention embodied in a computer readable medium. Therefore, the embodiment claimed in claims 49 and 50 are considered new matter, violating 35 U.S.C. 112, first paragraph.

### ***Allowable Subject Matter***

2. Claims are 3-6, 9-18, 28, 30-38, 40-48 are allowed.

### ***Conclusion***

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37

Art Unit: 2611

CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
